On motion of Brown, seconded by Thompson, the chairman was authorized to sign the above contract.

Surveyor Neuman informed the board that he had also entered into a contract with the City Street Improvement Company for patching and repairing certain portions of the Woodside road.

On motion of MacBain, seconded by Casey, the chairman was authorized to sign said contract.

On motion of Casey, seconded by Thompson, plans and specifications prepared by Surveyor Neuman, were adopted for the construction of a culvert at the foot of Millbrae hill, and the clerk was authorized to advertise for bids.

Engineer Neuman addressed the board in reference to a more rigid enforcement of the traffic ordinance and stated that the traffic officers should be given definite orders, so that they could know just how far they could extend their authority in the matter of arresting offenders of the ordinance.

This brought District Attorney Swart before the board. He stated that he was not satisfied with the way the traffic officers are now working on account of the lack of co-operation and harmony and spoke of the need of an organized system. He stated that the law provides that the district attorney shall have control of the traffic officers and he asked the board to adopt a resolution he had prepared giving him this control.

After considerable discussion in the matter, the resolution prepared by the district attorney was adopted on roll call, by the following vote: Ayes, and in favor of said adoption, Casey, MacBain, and Francis; noes and against said adoption, Brown and Thompson. The following is the resolution:

"Whereas, this board desires closer cooperation and more harmonious and systematic work for the motorcycle officers of the county; and

"Whereas, under the present system, there is a tendency among the officers not to work at fixed periods of time and under a unified system; and

"Whereas, the Board of Supervisors is desirous of increasing the efficiency of these motorcycle officers;

"Be it resolved and ordered that this board place the control of the motorcycle officers, and all officers who may work upon the public roads doing police duty, entirely under the direction of the district attorney of the county; and

"Be it resolved further that this board will support and stand behind the district attorney in the employing of necessary men and in the discharging of such men as neglect to do or will not do their full duty, or who fail or neglect to work in harmony with the officers of the county or who disobey the orders of the district attorney; and

"Be it resolved further that this board will not attempt to, or will not hire men to do police duty and will not give orders to said motorcycle officers but will leave their control entirely with the district attorney; and

"Be it resolved that said district attorney shall have full control of the purchasing of necessary supplies, material and apparatus for said motorcycle officers; and

"Be it resolved further that it is the sense of this board that no officer of San Mateo county, or any person, shall interfere with said officers in any manner to use influence in behalf of any persons arrested or who are about to be arrested."

On the recommendation of Surveyor Neuman, and on motion of MacBain, seconded by Thompson, the contract of Sonnickson and Ritchey was accepted as completed for the construction of the Redwood-San Gregorio road from the township line to Tichenor bridge.

On the recommendation of Surveyor Neuman, and on motion of Thompson, seconded by Brown, the contract of Duncanson, Harrelson and Company, was accepted as completed, for the construction of the Bellevale to San Gregorio road.

On the recommendation of Surveyor Neuman, and on motion of MacBain, seconded by Casey, the contract of John Willison was accepted as completed, for the construction of the John Meyn road in the Fourth township.

A communication was received from the Commission of Immigration and Housing of California relative to supplying relief for the state unemployed. The comunication was filed and the clerk ordered to write the commission and inform them that the county was doing everything it possibly could toward caring for its own unemployed.

A comunication was received from P. G. Kunze and wife of Colma, asking for the removal of certain obstructions on public streets leading to their home in the above town.

On motion of Casey, seconded by MacBain, the surveyor was instructed to make a survey of the street in question and define the proper lines.

The board adjourned at 12:05 p. m., to meet Monday, October 11th.

THE NON PARTISAN LAW

Those who favor the non partisan laws, complain because the opponents of them have made use of the referendum to submit those laws to the vote of the people of the state. Had the Governor, who is the real proponent of these laws, done the right thing in the first instance, he would have insisted that such important and radical changes in our election laws should be submitted to the people by a constitutional amendment and not have resorted to the questionable method of a legislative enactment. Had he done so, it would not have been necessary to invoke the referendum. Our state constitution says, as plainly as language can express it, that the voter at the primary shall have the right to vote as a partisan, as well as a non partisan. Here is the language of the constitution. "The Legislature shall enact laws providing for the direct nomination of candidates for public office, by electors, political parties, or organization of electors without conventions, at elections to be known and designated as primary elections." Can any language be plainer than that? And the provisions of the constitution are not directory, but mandatory.

We ask any reasonable man, after he has read this provision of the constitution, can any law which prohibits the nomination of candidates for public state offices by the members of political parties at the direct primary be constitutional? And until the constitution is amended, and this provision eliminated, what power has the legislature to pass laws, as it has done by the non-partisan laws, to take away from the citizen and voter this right and privelege. There are many good constitutional lawyers, who say, that if these non partisan laws are ratified by the people, that the courts will declare them unconstitutional, and we are inclined to be of that opinion. United States Senator Works so expressed himself the other day, in a public interview, and in a debate in the Assembly at the last session of the Legislature on these bills, Assemblyman Henry Ward Brown, of this county, advanced the same argument. Until changed by the last Legislature, the direct primary law permitted the people to register as members of any political party in whose state or national principles they believed. It permitted the registered members of parties to choose, at direct primaries, the nominees of those parties. It permitted the non partisan or independent voter to register as a non partisan and to vote as a non partisan, thus giving every voter equality before the law, and the chance to express by his ballot his wishes as to all state and national matters. This was as it should be. But now all is to be changed, and every one is to be involuntarily made by a drastic and unjust law non partisan. The talk about going back to the old convention and boss system, is ridiculous. No one wants any such thing. The Legislature in 1909, which gave us the direct primary that abolished the nominating convention and boss system was a Republican Legislature, and the Governor who signed the law was a Republican. All that is asked by Republicans now, is, that the direct primary shall be maintained intact so that the rank and file of the people shall have the right to select their candidates for public state offices as they have been doing under the direct primary laws n force since 1909, which have been a success. Every voter who believes in the direct primary nominating system should vote against the non partisan bills.

NON PARTISANSHIP TO BE DISCUSSED BY ESHLEMAN

Lieutenant-Governor and A. L. Sisson At Bell Theatre Wednesday Night

John M. Eshleman, who will speak with Assemblyman A. L. Sisson in behalf of nonpartisanship at Redwood City next Thursday evening, October 14th, is the first Lieutenant-Governor to enjoy a man sized job in that office. The salary is $4,000 a year but Eshleman is going to earn every cent of it. Heretofore Lieutenant-Governors served as presiding officers of the state senate for a period of three months every two years, thus giving only about six months' service to earn $16,000. Eshleman, however, will have no such easy thing of it.

The Lieutenant-Governor is the chairman of the newly created Advisory Pardon Board. The other members of which are the Attorney General and the two wardens of the state prisons. The brunt will fall on Eshleman and already he is confronted with a mountain of work in the way of investigation of applications for clemency pending before the governor. As district attorney of Imperial county he had a wide experience in dealing with criminal matters and with the prison work now imposed upon him it is to be expected that the Lieutenant-Governor will qualify as a penologists, for everything he goes at he does very thoroughly and in a manner to win distinction.

Another field of endeavor created for Eshleman, also for the salary of $4,000 a year, is the so-called Irrigation Conference of which he is chairman, created by the last legislature to revise and systematize and develop into a comprehensive scheme, legislation on the statute books bearing upon irrigation, drainage and reclamation. The importance of this work is not to be overestimated. The industrial welfare of California rests upon getting water on land and getting rid of it. Many questions are involved and conflicts abound. Associated with Eshlemen are many of the best minds of the state, leading authorities on the various subjects and the report of the body to the next session of the legislature will be of profound importance to California. Eshleman's experience on the Railroad Commission has already given him a thorough knowledge of water subjects, but a great constructive work remains to be done. It is to be expected that the same remarkable talents that he developed in establishing successful regulation and control of public utilities by state authority will be shown in handling the vast problem of water control.

As a matter of fact Eshleman has two man sized jobs, for penology as well offers the opportunity of constructive thought. Already a national authority on public utilities questions new fame for him may be looked for in these fields to which he is now devoting his attention.

Coastside Gleanings

The friends of Father Lally will be sorry to learn that, due to poor health, he has retired as pastor of St. Patrick's church in San Jose. Father Lally was a Halfmoon Bay priest years ago and is well known in San Mateo county.

High School Trustee John A. Bettencourt of Irish Ridge says that he threshed 4000 sacks of barley this year equal in value to more than $4,000, and it was an "off year" at that and crops were light. This coast country of ours need not modestly occupy a back seat where the production of wealth is concerned.

ADDITIONAL LOCALS

At the Congregational church next Sunday the topic at 11 o'clock will be, "Good Cheer." At the evening service at 7:30 o'clock, Rev. C. H. Stevens will speak on "The Devine Call," with a prelude to the sermon on cigarettes. Sunday school at 9:45 a. m. Endeavor society at 6:30 p. m. Church going is a habit. Cultivate the habit. Ex-Post Master W. A. Price will begin next week to prepare a new directory for Redwood City. Mr. Price is familiar with the work owing to his experience as post master. The new directory will contain all the names of the residents, the names of the new streets and all the official numbers of the buildings recently established by the Town Trustees. The book will fill a long felt want as there has been no directory of the town compiled since 1911.

This week two more convictions were secured in Justice Seely's court under the traffic ordinance recently passed by the board of supervisors, which makes it a misdemeanor to haul a load on motor trucks over a specified weight. Lew B. Yuen, who operates a motor truck between Palo Alto and San Francisco was sentenced yesterday to pay a fine of $25. He pleaded guilty. Yeun is an intelligent Chinese, being a graduate of Reid's Academy at Belmont. Fred Jensen was on Thursday sentenced to pay a fine of $25 for violation of the ordinance. He was arrested while hauling a load of beans from Pescadero to San Francisco.

IMPROVEMENTS IN WELLESLEY PARK

Complaints Filed Against Saloon Men. Cited to Appear at the Next Meeting.

Two complaints were filed with Town Clerk Plump against saloon license holders at the meeting of the Board of Trustees Monday evening. One was against John Meyers, who conducts a saloon at Five Points. He is accused of selling liquor to a minor. The other complaint is against A. Pilrini, proprietor of the Tremont Hotel for selling liquor after 9 o'clock Sunday evenings, filed by Trustee Sampson. Both men were cited to appear before the board at its next regular meeting and show cause why their licenses should not be revoked. The next regular meeting will be held Monday evening, October 18th.

The thanks and appreciation of the Redwood City Municipal Band was tendered in a communication to the Board for its assistance to the band during the past concert season.

Fred Strothers was employed by the city to keep the sidewalks on the Broadway bridge clean for $1.50 per month.

Acting upon a communication from the Peninsula Garage, the Board passed a resolution of intention to improve Winslow street from Broadway to the railroad right-of-way. As all interested property owners are willing the Board decided that the work should be begun at once. General specifications provide for a 5 inch concrete base with 1½ inch Topeka or its equivelant wearing surface.

In his report, City Expert Wm. J. Kidd stated that he had audited the books and accounts of the various officers for the fiscal year ending June 30th, 1915. In his report he called the attention of the Board to the delinquent taxes for the five years preceeding 1911, collected by the county on property within the city's limits. The pro rata share of the city would amount to over $2,000, which has never been turned over. The matter was placed in the hands of City Attorney Mansfield, who will ascertain the exact amount and place a claim for such amount with the board of supervisors. The report included a statement of the revenues and expenditures for the fiscal year of 1914-1915. The total revenues amounted to $47,929.74, and the expenditures totaled $46,622.71, leaving a surplus of $1,307.03, which with the surplus of June 30, 1914, made an accumulated surplus of $7,291.74.

The Board passed a resolution expressing intention to improve portions of Arlington Road, Edgewood Road, Woodsocket Place and Melrose Place, all being in Wellesley Park. The residents of that portion of the city were not given the mail delivery service on account of the uncompleted condition of the streets. The contemplated improvements include curbs, gutters, sidewalks, sewers and roadway. The street committee will present specifications at the next regular meeting.

The bill of Z. A. Thorning for $123 for cleaning out the creek on the state highway was audited and ordered paid. The amount was very reasonable for the work done.

The plumbing bond of C. C. Benson was accepted upon the recommendation of the health committee.

City Attorney Mansfield read a communcation from the city attorney of Oakland relative to a cooperative employment of legal talent by California municipalities to represent them before the Railroad Commission in the readjustment of the rates of the Pacific Telephone and Telegraph Company. Before taking any action the board instructed the attorney to inquire of the expense and if such was reasonable the board would favor joining other cities in this matter.

A form of agreement between the city and owners of real estate in Volota Park, whose property is crossed by a certain flood water ditch was presented by the city attorney.

Trustee Sampson, chairman of the fire committee presented an open set of specifications for an automobile chemical engine. The clerk was instructed to advertise for bids for an automobile combination chemical fire engine and hose wagon to be opened October 25th.

After considerable discussion the board decided to put in a smooth concrete gutterway on Broadway from Main to Washington streets and on portions of Main street. Specifications will be presented by the city engineer at the next meeting.

The method for improving certain streets in Redwood Highlands brought forth considerable discussion. No action was taken in the matter.

All members were present.

The Board adjourned.

TRAFFIC SQUAD NOW UNDER DISTRICT ATTORNEY'S CONTROL

Cooperation keynote of Swart's Note To Traffic Men

At the last meeting of the board of supervisors a resolution was adopted placing the control of the traffic squad under the supervision of District Attorney Franklin Swart. Mr. Swart in a lengthy communication to the traffic officers yesterday made many suggestions for the betterment of the service. The following are a number of the suggestions offered:

"In the first place I shall have a loose leaf record and shall expect you to keep a full record of each day's work in such form that you can keep a copy for yourself and the original may be combined into a full report here in this office.

"I shall expect each man to be on duty on the roads (and not at others places) for at least eight hours per day for six days each week.

"I desire you to map out two distinct routes for your work on which routes I desire you to work on alternate days. For instance, Mr. Logan can spend one day on the Middlefield and state highway and on the alternate days he can divide his time on the other more important roads in his district.

"Each officer must have a telephone by which he can be reached at stated times and by means of which he can cooperate with the officers of the county in cases of emergency. Any officers who do not have a telephone may consider this an order to procure one.

"During working hours I suggest that each officer confine himself absolutely to police duty and during such hours he conduct no other business, that he be at no other places and that he touch no intoxicating liquor.

"Let me say to you that I shall never ask you to discriminate in favor of any person whether he be friend or whether he be influential and I shall expect that every person will understand that you will enforce the law the same against all persons. With that common understanding no person shall have a right to complain.

"I suggest that you officers appear at my office at eleven o'clock each Friday morning when you can, together, work out the details of our work. It is our purpose to reduce the cost of special officers in the county and at the same time to increase the efficiency of the service many fold. During the summer months I consider that four regular men, well placed, is sufficient. At the same time I shall consider applications for a special man in each road district who will be employed at times on Sundays or on special days. Such applications must be made in writing and accompanied by a statement of the experience, character and adaptability of the man. Political influence must not be considered. Such special man, if found worthy, will be first considered for promotion in case of vacancy. Only persons who can furnish their own motor cycle need apply for special duty."

Louis Markin, who escaped from the county jail here about three months ago, and was arrested last month in Spokane, Washington, for holding up a street car, made a desperate attempt to escape while being taken from the county jail in that city to the courthouse; and was shot several times and almost drowned in the Spokane river where he had taken refuge, before he was finally captured. His wounds are not considered dangerous, the most serious being one in the back of the head.

At the time Markin escaped from the jail here, he was waiting to be tried on a charge of holding up a South San Francisco street car. Sheriff Sheehan is very anxious to get the man tried in this county before he is convicted in Spokane.

SAN FRANCISCO MOOSE TEAM TO PLAY HERE TOMORROW

Keating, Griffin and Turner, Former Local Boys With Visitors

The local team met defeat last Sunday at the hands of the Barney Frankels by a 10 to 3 score. Chase the Redwood picther had an off day and had to retire in the fifth inning. Golde then finished and allowed but one run and three hits during his service.

The visitors pulled off several spectacular stops and two double plays were also featured. Redwood tried hard in the ninth inning but the Frankels' lead was too great.

Golde secured three hits out of four times up. The locals and their opponents each secured nine hits but the latter secured several bases on balls.

Tomorrow, Redwood plays the San Francisco Moose team, which has several former Redwood and San Mateo players in its lineup. Tony Keating, who pitched here for two seasons, is doing the heaving for them. George Griffin is on third base and Steve Turner, who formerly managed the Redwood team is playing left field. Eddie Benn, Beck, Campion and McCormick, former San Mateo players are also players for the Moose. Last Sunday they defeated Monterey 10 to 2. It will be a test as to whether or not the present local team can play as well as the town's former representatives and promises to be a great game. Chase and Casey will be the local battery and Keating and Allen will serve for the Moose. Better take it in.
